

Product Updates

On this document, you will find information on updates to:

- [Edcite](#), free state-aligned digital practice
- [Edcite Schools](#), our premium school and district assessment platform
- [DataHub by Edcite](#), our centralized data management system

Want to share a priority for you or your team or learn more about these priorities? Please email schools@edcite.com with "Product Priorities" in the subject. Alternatively, you can sign up [here for some office hours](#) with Edcite Director of Products, Brian McIntosh. If you don't see a time that works for you, email brian@edcite.com to set something up.

Coming Soon:

- New Edcite interface!
- A.I. assisted essay grading!
- Calculator updates.
- Admin Homepage update ([Edcite Schools](#) only).
- Assessment viewer alignment enhancements.

Spring 2024

1. New Content: [New York State Test 2021](#), [New York State Test 2022](#), [MAAP Practice Tests 2023](#) (Mississippi)
2. PDF Upload Tool:
 - i) PDFs can now be uploaded directly to a question by clicking the PDF icon in the Rich Text Editor,
 - ii) PDFs can now be uploaded as reference sheets for students to use as they take an assignment.

Winter 2023/2024

1. New Content: [New York State Test 2023](#), [STAAR 2023](#) (Texas), [MCAS 2023](#) (Massachusetts), [OST 2023](#) (Ohio), [KSA Practice Tests](#) (Kentucky).
2. Text-to-speech feature enhancement: tracking (the highlighting of words as they are read) is now supported ([Edcite Schools](#) only).
3. Performance Bands update: admins can now import performance bands from one distribution to another distribution.

4. The Graph Points and Lines (#083) question type now allows group scoring.
 5. Text editor enhancements: you can now use shortcuts for subscript and superscript.
-

Spring 2023

1. New question type: The [Choose Graph \(#104\)](#) question asks students to choose between different graphs and then plot the chosen graph.
-

Winter 2022/2023 (Click [Here](#) to Learn More)

1. New content: [OST 2022](#) (Ohio), [MCAS 2022](#) (Massachusetts), [CMAS 2022](#) (Colorado), [STAAR 2022](#) (Texas), [ILEARN 2022](#) (Indiana), [AASA 2021](#) (Arizona).
 2. Reports Hub upgrade to improve user experience.
 3. [Bubble Sheets](#): scanning and grading upgrades ([Edcite Schools](#) only).
 4. Extended Select Answer (#001) question type now has all or none and teacher-graded scoring options.
 5. You can now lock assessments from the Assignment Editor page by clicking the Lock symbol next to the Settings Gear.
 6. Content Clarifiers - students can now access teacher-created clarifications for words and phrases. Click [here](#) to learn more.
 7. [Text-to-speech](#) is now available in Spanish ([Edcite Schools](#) only).
 8. The [Touch Image \(#123\)](#) question type now allows you to choose between a rectangle, a circle, or free drawing to outline an answer area.
 9. "Blind Assessments": this setting is enabled by an assessment's creator (an admin) and it restricts teachers from being able to view or print the assessment, or see the answer key.
 10. A Dictionary Tool is now available to students in Texas ([Edcite Schools](#) only).
 11. Ruler update: centimeters and inches now appear on one ruler.
-

Summer 2022 (Click [Here](#) to Learn More)

1. [Batch force submit and unsubmit](#): you can now force submit or unsubmit student work in bulk on the Grading page ([Edcite Schools](#) only).
 2. New content: [2022 ACAP Tests](#) (Alabama) and [2021 STAAR Tests](#) (Texas).
 3. The rich text editor has a fresh, new look with additional shortcut options and updated image resizing.
 4. [Grid View update](#): you can now toggle between takes using a dropdown menu.
 5. [Bubble Sheets update](#): bubble sheets can now be printed for Multiple Choice questions, Free Response questions, and/or Essay Response questions ([Edcite Schools](#) only).
-

Spring 2022

1. FREE Common Assessments Initiative: with state testing around the corner, we've added a button on the Teacher Homepage to our [FREE Common Assessments Initiative](#). Send students released state tests in our premium state-aligned viewer and get instant data!
 2. The Pictograph Answer (#026) question type now has a setting to enable clicking on an image to add it to a pictograph.
 3. On the Dot Plot Answer (#020) question type, you can now select an "X" or a "Dot" as a point indicator.
-

Winter 2021/2022

1. Multiple Choice (#005) scoring update: this question type can now be teacher-graded

March 2018

1. Get Assignment Pathway for Non-Logged In teachers to copy newly found content easily into their account
2. Logging in for QL will allow students to save work
3. Added Enhancements for Admin Sign In As Teacher or Sign In As Student
4. Florida Common Assessments Initiative Launched
5. Missouri Common Assessments Initiative Launched
6. Item Analysis Report - Click to View Students instead of Hover
7. Admin Activity Report - for admin and subadmins. If you'd like to try this out, email us at hello@edcite.com
8. Student Notes Available in Saved Answer History
9. Updated AIR Graphing Calculator - can evaluate expressions, closer alignment to real calculator
10. #062 SBAC Keypad Question Editor - Added grade level setting to customize keypad
11. [Arizona Common Assessments](#) Landing Page
12. [Massachusetts Common Assessments](#) Landing Page
13. Draw Points / Lines Question Type - student draw functionality now matches SBAC, AIR and FSA tests
14. Drag and Drop (math and text) - can now put answer bank at "bottom" (below student response area)
15. SBAC / AIR / FSA Viewer - added context menu to match viewer on state assessment
16. Added student name and rosterid to Teacher Standards Report

February 2018

1. SBAC Viewer - Updated to match recent SBAC changes
 2. No Class Specified Option - for Edcite Schools teacher managing students without roster access
 3. Updated Alert Message to new look
 4. Teacher Reports Hub - District Distributed: Item Analysis Report and Standards Growth Report Added
 5. Essay Response #100 - Option to restrict the characters in student response
 6. New Admin Assignment Editor
 7. Added Georgia State Standards
 8. Questar Viewer - Limited Release (for feedback)
 9. Essay Type Viewer Now Supports all Rich Text Editing Options
 10. New Admin Assignment Editor
 11. Assignment Dashboard - If more than 20 students, question numbers will show at bottom (Shout out to Dave Limbaugh in OH for this suggestion!)
 12. [Super Bowl Landing Page](#)
 13. Class Names show up when you hover over the abbreviated class name on home page and class dashboard - good for longer class names from Clever
 14. Item Analysis Report for OCA's - Pulls opt in data for a particular common assessment. Available on OCA Reports Page.
 15. OCA Summary Report - Shows teacher's own students' data AND aggregate opt in data for that particular common assignment.
 16. DRC Viewer - Available in Edcite Schools
 17. Questar Viewer - Available in Edcite Schools
-

January 2018

1. Teachers can restore answers from Saved Student Work and Regrade using the restored answer
